

WELCOME TO THE

NO FLY ZONE

OF THE PEST CONTROL

A blue-tinted image of a chemical plant with a person's face in the foreground. The image is split diagonally, with the top-left portion showing a person's face wearing safety glasses, and the bottom-right portion showing a complex industrial facility with tall distillation columns and a network of pipes. The overall tone is professional and technical.

SHAGA CHEMICALS

We empower our customers.

"Innovation spreading from Paterson, NJ to the world since 1965.

Shaga Chemicals is not just a supplier, it's your strategic partner in your R&D processes."

WHAT WE DO

“Maximum efficacy, minimum risk.”

SL FORMULATION ENHANCED WITH HIGH-PURITY DINOTEFURAN

“Excellence lies in the details.”

MISSION DONE

ULTIMATE CONTROL

www.shagachemicals.com

A hand gently holds a vibrant green leaf, with a single water droplet resting on its surface. The background features a large, reflective glass globe, suggesting a global or environmental theme. The overall image conveys a message of safety and environmental protection.

**"POWER DOESN'T
HAVE TO BE
DANGEROUS."**

SHAGA CHEMICALS

With our CMR-Free technology, we offer the safest profile, protecting both the user and the environment."

www.shagachemicals.com

"Say goodbye to outdated Xylene formulas.
Shaga's modern solvent technology offers lower odor,
higher stability, and undeniable superiority."
